Oral Surgeon, Doctor in Dental Science
GOODNESS DENTAL

Dr. Chaves is dedicated to his patients as part of the dental team.

He understands that most of the patients who are undergoing oral surgery treatment are anxious and frightened, he makes an extra effort to provide individualized and compassionate treatment.

He stays up to date with the most current research and techniques through attendance at national meetings put on by the world's experts in their respective fields and is able to offer the new best practices, complex treatment plans and intricate surgeries.
